

# Pala Bhavitha

## About Me

I am a motivated **Full Stack Developer (Student)** with a strong interest in building practical, secure, and scalable web applications. I enjoy working primarily on backend development using **Java and Spring Boot**, while also having a solid foundation in frontend technologies. As a fresher, I focus on strengthening my skills by building real-world projects and understanding end-to-end application development.

---

## Skills

- **Frontend:** HTML, CSS, JavaScript, React
  - **Backend:** Java, Spring Boot, Spring Security
  - **APIs:** RESTful APIs
  - **Database:** MySQL
  - **Tools & IDEs:** Git, GitHub, VS Code, Eclipse, IntelliJ IDEA, Spring Tool Suite (STS)
  - **Other strengths:** Problem-solving, quick learning, teamwork
- 

## Selected Projects

### Project 1: Application Internship Tracker

**Description:** A web-based application that helps students track and manage their internship applications efficiently.

#### What I did:

- Developed backend services using **Java and Spring Boot**
- Created REST APIs to manage internship application data
- Implemented database operations using **MySQL**
- Worked on basic frontend using **HTML, CSS, and JavaScript**

#### Outcome:

- Simplified tracking of internship applications and statuses
  - Improved understanding of REST APIs, backend logic, and database integration
- 

### Project 2: Smart Expense Manager

**Description:** An application that allows users to record, track, and categorize daily expenses for better financial management.

### What I did:

- Built backend functionality using **Spring Boot**
- Designed REST APIs for expense management
- Implemented secure access concepts using **Spring Security** (basic level)
- Integrated **MySQL** for storing expense data

### Outcome:

- Gained hands-on experience with backend development and security concepts
  - Strengthened skills in API design, data handling, and application structure
- 

## Experience

### Fresher / Student Projects

- Built and deployed academic and personal projects
  - Focused on learning full stack development through hands-on practice
- 

## Education

**Bachelor of Science (Student)** – [Pragathi Women Degree college ]

*Expected Graduation: [2026]*
